

# STUDYING ABROAD & FINANCIAL AID

**Studying Abroad is a great opportunity to enhance your academic and professional growth.**

## Explore Study Abroad Programs

Through the UF International Center (UFIC), Study Abroad Services offers a full range of opportunities and study abroad programs from which to choose. Study Abroad Services help students through every part of the process, from advising to application, to assisting students while abroad, and helping them when they return.

## Funding Your Study Abroad Program

SFA will use the budget for your selected program to determine your eligibility for financial aid. Students who participate in university-approved programs may use awards from federal aid programs, state aid programs, and from UF grant and scholarship programs. However, loans are the primary source most students use for funding the additional cost for study abroad.
